Classes on this page are complimentary to new users who attend training within 60 days of purchasing the software.

Lunch is "on your own", but many class participants choose to visit local restaurants as a group. There are a couple (2) restaurants (Hamburger & Chinese) within walking distance of the WolfePak offices.

Classroom Policies

- Please do not use cell phones during class. You may step outside the classroom to take calls.
- WolfePak is a smoke-free facility & Abilene is a smoke-free community by city ordinance (no smoking in any public place or within 20 feet of the front door of any public place).
- Class reservations canceled within 14 days of the first class will receive a full refund. Cancellations received within 8-13 days of the first class will receive a ½ refund. No refund will be given for reservations canceled less than one week before the first scheduled class.
- Since the temperature of the classroom may vary, a sweater or jacket on top of lighter clothing may be advisable.

On-site training is available at your office! Call for more information!

WolfePak Software Quarterly Classes

Oil & Gas Basic Classes (Non-WolfePak):

The following class selections are offered on a quarterly basis and are considered “basic” additional classes and not part of the complimentary core class offerings for new users. These classes require no previous WolfePak knowledge. All classes are held in the WolfePak training center, located in the main offices at 2901 South 1st, Abilene, TX. Customers that are on maintenance may deduct ½ of the stated price for the class.

Fundamentals of Oil & Gas: for users who are new to the oil and gas industry. Learn the basic terminology and processes used in the oil and gas industry. Walk through the different stages of drilling an oil well, from acquiring the land (leasing the mineral rights) to the exploration, production, transporting and refining of the oil. Learn how each phase of exploration and production is handled by the various WolfePak software systems.
\$600

7 CE Hours

Prerequisite: None

Land Basics for Accountants: Taught by a registered Landman from one of the major oil companies, this class answers the question: “What does a landman do and why does it take so long to get it done?” This class will cover the theory, concepts and terminology associated with Land. Learn about the importance of land contracts, how prospects & tracts figure into things, and why the spacing requirements are a key factor in things. Learn about various types of leases & provisions, tracking expired leases and managing payment obligations. Gain an understanding and appreciation of the various clauses of a Lease Contract, create and determine Revenue and Expense Division of Interests and learn to interpret legal descriptions.

\$400 – 4 CE Hours

Prerequisite: None

Advanced WolfePak Classes:

The following class selection is offered on a quarterly basis and is considered an “advanced” additional class and not part of the complimentary core class offerings for new users. This class requires a good foundation of basic WolfePak working experience. All classes are held in the WolfePak training center, located in the main offices at 2901 South 1st, Abilene, TX. Customers that are on maintenance may deduct ½ of the stated price for the class.

The Financial Report Writing Class is 1 ½ days (see the class schedule) = 12.0 CPE Credit Hours

Financial Reporting (Part 1): Go beyond how to import and print financials, learn how to setup basic report definitions from scratch and how to implement groups in your financials. This hands-on design class will teach the basic record types used and how to turn a blank canvas into a custom designed Balance Sheet and Income Statement.

Financial Reporting (Part 2): Learn the more advanced features of financial reporting design with an emphasis on spreadsheet reporting and setting up budgets. Learn how to export in various formats including PDF and Excel. Learn the higher level record types and how they are used in more advanced reporting needs.

\$600 – 12 CE Hrs

Prerequisite: WolfePak Overview & Fundamentals and/or Prior WolfePak Working Experience

WolfePak Software
